GO

START

Add your name at the sim kiosk, then fly

Bonus challenge: do all five in one community period and you fly that day

FLIGHT · WITNESSED

1 Sim Flight

1. Stick basics · four channels, rate vs angle, hover, throttle
2. A clean orbit around a gate
3. A Split-S
4. Three gaps without a crash

In person with a mentor, everything in one flight, one attempt per day.

BUILD & TECH · QUIZ

2 Battery Care

1. Pass the Battery Care quiz · 80 % or better · no sign-off needed

Covers: LiPo basics · Battery math · Charging, storage and disposal · When a pack goes bad

BUILD & TECH · BENCH

3 Building

1. Parts check: frame, FC/ESC, motors, RX, VTX, camera, antenna, props, strap
2. Motors on - right screw length, nothing touching a winding
3. Plug in the motors
4. Assemble it and put the canopy on
5. Plug in the canopy
6. Test: motors beep, camera turns on
7. Props: each matches its motor's spin (props in or out, as set in Betaflight), leading edge first
8. Photo of your work on the website · a mentor passes it

BUILD & TECH · BENCH

4 Betaflight Intro

1. Props OFF, battery OUT, USB only
2. Connect to Betaflight (the kiosk reads the board)
3. Setup tab: calibrate the accelerometer, the drone flat and still
4. Bind the receiver (plug/unplug method)
5. Photo of your work on the website · a mentor passes it

Done on the club Meteor 75 Pro at the kiosk, right after Building. The rest of Betaflight is its own badge on the Tier 2 path.

FLIGHT · WITNESSED

5 Line of Sight

1. Takeoff to head height
2. A 20-second steady hover
3. A lap around a tree
4. A smooth landing

In person with a mentor, everything in one flight, one attempt per day.

GATE 1 · THE CHECKPOINT INTO TIER 1 · WITNESSED

Meteor 75 Pro Certification

Checkpoint into Tier 1: the Meteor 75 Pro in goggles.

TO PASS

1. A controlled takeoff
2. A figure-eight through two gates
3. An orbit
4. A landing on the pad, no wall contact

In person with a mentor, everything in one flight, one attempt per day.

THROUGH THE GATE YOU FLY THE METEOR 75 PRO · SHEET 2 →
